

SCHOOL AGE CHILD CARE

Peace of mind for 5,269 working parents.

School Age Child Care (SACC) is an exciting and challenging place, where children ages 5-12 stretch their skills in mind and body. Programs offer a combination of free-choice and structured activities. Expanded curriculum includes: arts and crafts, science, service learning, health & fitness, homework support, literacy, character development and conflict resolution. All programs promote the four core values of caring, honesty, respect and responsibility. School Age Child Care programs are State Licensed and Madison sites are City Accredited.
